

Make the whole day work better.

A recognizable learning world, practical teacher tools and ongoing support for daycares and church teams.

LEARN. MOVE. EXPLORE. BELONG.

What the team receives

Learning zones; 12 draft monthly units / 48 theme weeks; 36 recipe designs; movement plans; 17 family printables, including eight Spanish drafts; 37 training previews; portal demonstrations and product designs.

Who it serves

Small and large daycares, home providers and scoped church / Pre-K programs. Parents gain a clearer view of classroom routines, learning and the program their child joins.

How adoption works

Scope the site and age group. Confirm materials, rights and safety. Train the team. Accept delivery. Review usage, family feedback and support needs before renewal.

What can renew

Monthly program access and support; fixed-term church licenses; advanced training; repeat books and replacement kits; scoped sponsorships. Merchandise requires proven costs and fulfillment.

Proposed provider packages

Home \$1,495 + \$89/month / Starter \$2,995 + \$229/month / Complete \$5,995 + \$349/month. Church scope and pricing are separate; carpets and fences are add-ons.

Current: branded public previews and draft materials. Training enrollment and store sales are not open. Hosted portals, paid adoption and fulfillment remain unverified. Explore: dvolcore.github.io/futures-friends/
