

Our Day

A picture schedule for the fridge. Cut the cards apart to change the order.

1 Wake up

Good morning!
Stretch up tall and
wiggle.

2 Story time

Read together. Ask
one question.

3 Eat together

Meal or snack, and
water. Name the
colors.

4 Move and go outside

Ready? Bop & Go! Run,
dance, explore.

5 Quiet time

Rest your body. Smell
the flower, blow the
candle.

6 Play and wonder

I wonder... what
happens if we try?

7 Bath and brush

Front, back, top,
sparkle!

8 Bedtime

One good thing from
today. Good night.

Rainbow at Home

Color in a circle for each color your family spots at meals this week.

	Mon	Tue	Wed	Thu	Fri	Sat	Sun
   Red Rockets							
   Orange Sunshine							
   Yellow Sunbeams							
   Green Sprouts							
   Purple Pals							
   Cozy Clouds							

Count colors, not bites. Your child decides what to eat and how much. Food is never a reward or a punishment. For children under 5, cut round foods like grapes and blueberries small, and serve hard vegetables cooked soft.

Lumi's calm-down cards

Cut the cards apart. Offer them, never force them.

Smell the flower, blow the candle

1. Hold up a pretend flower. Smell it slowly.
2. Hold up a pretend candle. Blow it out slowly.
3. Do it three times, together.

Lumi says: Smell the flower. Blow the candle.

Balloon belly

1. Put a hand on your tummy.
2. Breathe in slowly: fill your balloon belly.
3. Let the air out slowly. Three balloons.

Lumi says: Watch your belly go up and down.

Calm statue

1. Freeze in a comfy pose.
2. Soft face, quiet hands.
3. Come back to life one finger at a time.

Lumi says: Your body is safe.

Three quiet sounds

1. Get very still.
2. Listen. What can you hear?
3. Whisper three sounds you noticed.

Lumi says: Listen. What can you hear?

Lumi's calm-down cards

Cut the cards apart. Offer them, never force them.

Soft body

1. Soft hands.
2. Soft shoulders.
3. Soft face. Soft tummy. Rest.

Lumi says: Soft, soft, soft.

Hug and squeeze

1. Wrap your arms around yourself.
2. Squeeze gently and count to three.
3. Let go and smile. Ask for a hug if you want one.

Lumi says: I am right here with you.

Bop's move cards

Ready? Bop & Go! A grown-up joins in. Stop whenever your child is tired.

Elephant Stomp & Sway

1. Stomp your heavy elephant feet: one, two, three.
2. Swing your trunk from side to side.
3. Slow down until you are a sleepy elephant.

Adapted version: Seated or wheelchair: stomp with your hands on your knees or pat the arms of the chair, and swing your trunk with both arms. Sound-sensitive: do it in silence, or hum softly.

Trunk Reach

1. Spot an apple way up high.
2. Stretch up on your tiptoes and reach your trunk up to pick it.
3. Reach once more for another apple. Yum!

Adapted version: Reach from a chair, with one arm, or by pointing with your eyes or your voice.

Freeze & Try Again

1. Move any way you like while you sing or hum.
2. When the song stops, freeze like a statue.
3. Wiggle out of it and try again.

Adapted version: Freeze just your hands, or just your face. If a child cannot hear the song stop, wave a hand or flick the lights as the signal.

Animal Walks

1. Pick an animal: Booker bear, Lumi bunny, Zuri turtle or Bop elephant.
2. Move like that animal across the room.
3. Call "Switch!" and pick a new animal.

Adapted version: Choose the animal that fits your body today. Use your arms and face for the animal, or roll, scoot or wheel across the room.

Bop's move cards

Ready? Bop & Go! A grown-up joins in. Stop whenever your child is tired.

Flamingo Balance

1. Stand tall like a flamingo and hold a grown-up's hand or the wall.
2. Lift one foot a little and count to five together.
3. Switch feet. Wobbles are part of it.

Adapted version: Sit tall and lift one foot, or lift both arms. Hold a grown-up's hands, or stand on two feet and just "grow tall."

Clap-Back Rhythm

1. A grown-up claps a short pattern.
2. Clap it back.
3. Swap: you make a pattern and the grown-up claps it back.

Adapted version: Pat your knees, tap the floor, stomp or make sounds. If a child cannot hear the claps, use big arm movements or a gentle tap on the shoulder.

Outside Quest: Find Three

1. Step outside and pick a color.
2. Find three things that color and tell what you notice.
3. Walk, skip or roll between finds, and take a water break.

Adapted version: Window Quest: find your three things from a window or inside the house. Take rest stops whenever you like, and use a wagon, stroller or chair on smooth paths.

Lumi's Slow Reset

1. Notice: is your body speedy or quiet?
2. Smell the flower, blow out the candle: three slow breaths.
3. Soften your voice and your hands, and rest as long as you like.

Adapted version: Offered, never forced. Breathe with your eyes open, rest a hand on your tummy or hold a soft toy, or simply listen to the quiet.

Booker's Book Club

Write down every book you share. Rereading a favorite counts. Babies count too.

Try one question each time. Finish the line: Pause and let your child say the end of the sentence. **Remember:** Ask about something that already happened in the story. **Open question:** There is no wrong answer. Follow your child's idea. **Who, what, where:** Point to the picture or the words and ask about them. **Your child's life:** Connect the story to something your child knows.

Story Time talk card

Booker Tries Again · Book 1 · read it free on the Futures at Home page, Story Time

Booker Tries Again

Say-along line: Big breath. Brave heart. I can try again!

Hand on your chest for "big breath," a fist over your heart for "brave heart," thumbs up for "try again."

Talk about it

1. How did Booker feel when he said "cat" and it was not right? What did his ears do?
2. What helped Booker figure out the word? (Look at the picture, say the first sound, slide through the sounds, try again.)
3. Lumi said, "Hard things are just new things." What is something new you are learning?
4. Let's say Booker's brave words together. When could you use them?

Words to talk about

flap: a little paper door in a book that you lift to see what is under it

word: letters together that say something

softly: in a quiet, gentle voice

brand-new: so new that nobody has used it yet

drooped: hung down low, like a tired flower

clue: a little hint that helps you figure something out

Try it together: Brave Reader Steps (5 minutes)

You need: Three scraps of paper; A crayon or marker

1. Draw a simple sun, cat and kite, one on each paper, and write the word under each picture: SUN, CAT, KITE.
2. Hold up the KITE card. Ask, "What would Booker do first?" (Look at the picture.) Make paw binoculars.
3. Point to the first letter and say its sound together. Tap your lips as you say it.
4. Slide a finger slowly under the word while your child slides a hand down their arm. Read the word together, then do the brave cheer.
5. Try SUN and CAT. Then let your child "be Booker" and lead the steps for you.

Take it home: When something feels hard tonight, take a big breath together and say Booker's words: "Big breath. Brave heart. I can try again!"

Story Time talk card

Big Feelings, Brighter Days · Book 2 · read it free on the Futures at Home page, Story Time

Big Feelings, Brighter Days

Say-along line: Look. Listen. Lend a hand.

Point to your eyes for "look," cup your ears for "listen," and hold out an open hand for "lend a hand."

Talk about it

1. How could Lumi tell that Pip felt lonely? What did Pip's body show?
2. What did Lumi do when her own tummy felt wobbly and worried? Let's smell the flower and blow the candle together.
3. What words did Lumi use to invite Pip to play?
4. Who could you invite to play with you tomorrow?

Words to talk about

notices: sees something and pays attention to it

alone: by yourself, with nobody else

lonely: when you want a friend, but you don't have one yet

parade: a line of friends marching and making music

sigh: a long, slow breath out when you feel sad or tired

wobbly: shaky, not steady

Try it together: Feeling Faces and Flower Breaths (5 minutes)

You need: A mirror, if you have one; A real flower, a paper flower or just your finger

1. Make five faces together in the mirror: happy, lonely, worried, calm and proud. Say each feeling word.
2. Ask, "Which face did Pip have by the fence?" (Lonely.) "Which face did Lumi have at the end?" (Proud.)
3. Hold up the flower. Do three flower-and-candle breaths together: smell the flower, blow the candle.
4. Practice inviting: your child says, "Do you want to play with me?" and you answer, "Yes!" Then swap.
5. Finish with the hand motions: "Look. Listen. Lend a hand. Kindness brightens every day!"

Take it home: At bedtime, ask, "How did you feel today?" Then smell the flower and blow the candle together three times.

Story Time talk card

What Happens If We Try? · Book 3 · read it free on the Futures at Home page, Story Time

What Happens If We Try?

Say-along line: I wonder, I wonder... what happens if we try?

Tap your chin for "I wonder, I wonder," then open both hands wide for "what happens if we try?"

Talk about it

1. What happened to the ice cube on the porch?
2. Where did the ice melt fastest? Where did it melt slowest? Why do you think so?
3. How did Zuri turn water back into ice?
4. What do you wonder about? How could we try it and find out?

Words to talk about

compass: a tool that shows you which way to go

porch: a covered spot outside the front door

maybe: it might be true, but we are not sure yet

ice: water that got so cold it turned hard

puddle: a little pool of water on the ground

wonder: think about something and want to find out

Try it together: Ice Detectives (5 minutes)

You need: Three ice cubes, as big as you can make them; Three small plates; A paper towel or a mitten

1. Put one plate in a sunny spot and one in a shady spot. Your child holds the third cube in a paper towel or a mitten.
2. Ask, "Which one will melt first?" Let your child point to their guess, and make your own guess too.
3. Watch for 3 minutes. Take turns saying what you notice: drips, smaller, puddle, still big.
4. Say Zuri's finding together: "Warm makes ice melt. Cold makes water freeze."
5. Check the plates again later and talk about what changed.

Take it home: Put an ice cube on a plate at home and ask your child, "Where do you think it will melt faster?" Then try it and find out together.
