We love sharing the everyday learning that happens here with our families. Please choose **one level** for your child. You can change your choice at any time in writing, and we stop new uses right away.

Parent or guardian name _____

☐ **Level 0** **No photos.** Do not photograph or record my child for any purpose, except where licensing rules or child records require it.

☐ **Level 1** **Private family app only.** Photos of my child may be shared only with me, through the private Futures Hub family app or direct messages.

☐ **Level 2** **No face.** Photos of my child's hands, back or work may appear on the program's public pages. My child's face will not be shown.

☐ **Level 3** **Our public pages.** Photos and videos of my child may appear on the program's website and public social media pages, and on printed flyers and signs for Futures Learning Center and the Futures Friends program.

☐ **Level 4** **Public pages and paid ads.** Everything in Level 3, plus paid online ads and mailed postcards for Futures Learning Center and the Futures Friends program.

Names in captions

☐ Do not use my child's name.

☐ My child's first name only is OK.

Filming for staff-training videos is separate from these levels. It needs its own signed consent, and we will always ask you first.

PHOTO AND VIDEO RELEASE, CONTINUED

I understand that:

- Images will never include my child's last name, birthday, address or medical information.
- Images will not be sold. They may be used only to share and promote Futures Learning Center and the Futures Friends program.
- Photos shared in the family app are kept for one year and then deleted.
- Once something is posted publicly, others may see or share it. If I change my mind, the center will remove posts it controls within 7 days, but cannot recall printed pieces already handed out.
- I can change my level at any time by telling the director in writing.
- Location tags are turned off on any post that shows a child, and the center never tags a parent's personal account without permission.
