

INVESTOR OVERVIEW / 11 OCTOBER 2026

One center. A learning world. A business built to travel.

Futures Friends brings characters, curriculum and family routines into the same early-learning experience. Start with one pilot center for ages 2–5, then earn expansion through paid use and repeatable delivery.

PROPOSED LOAN · TERMS PENDING	BASE YEAR-ONE GROSS CASH	GROSS GAP VS. LOAN
$1.5M	$3,123,207.86	$1,623,207.86

Gap before verified receipts, available capital or scope changes. Gross cost is not an approved financing ask. Cost range: **$2,604,713.36–$3,939,901.15.** Debt costs and historical creator backpay are excluded.

THREE SOURCES OF POTENTIAL CASH

Center. Collected tuition and permitted fees, after staff, facility and care costs.
Provider platform. Daycare and church subscriptions, onboarding and support, after delivery and acquisition costs.
Content & products. Learning licenses, QR habit packs, merchandise and tablets, after production, fulfillment and returns.

WHAT THE YEAR-ONE MODEL FUNDS

Secure CRM, ATS, store and role-based portals; curriculum and progress records; parent-approved character messages; bilingual review; educator and nurse consulting; a **12 × 7-minute animated season**; marketing; a 50-device tablet pilot; center staffing, supplies and operating costs.

FINITE RETURN. NO OWNERSHIP.

Illustration: $1.5M fully funded at closing, **9% annual interest**, 12 interest-only months, then 60 amortizing months.
Months 1–12: $11,250/month.
Months 13–72: $31,137.53/month.
Total scheduled repayment: **$2,003,251.97**, including $503,251.97 interest.
No equity, conversion or permanent ownership. Rate, draws and terms remain unagreed. This schedule does not prove affordability.

WHAT MUST SUPPORT THE REQUEST

Actual license, capacity, lease, staff and collections; scoped written estimates; a funded phase for every row; segment margins; monthly cash forecasts and downside debt tests. No signed partner receipts have been supplied. Share costs once across the three segments.

BASE CASH ALLOCATION · Same total, one view
Launch / development $1,331,255.33 · Recurring operations $1,266,942.18
Reserves $491,500.85 · Inventory $24,509.50 · Refundable deposits $9,000.00

Evidence you can inspect: 686 priced rows and 48 source records in the downloadable workbook. **554 rows are planning allowances.** Published rates still use assumed quantities. Cents reflect calculation, not invoice certainty. Existing code, brand and artwork are assets to verify; replacement estimates are separate from future cash.

THE NEXT STEP: inspect the costs. Agree the funded phase.
